MUNICIPAL BY-LAWS BEING REVISED

At a recent meeting of the town council, it was decided that a revision of several of the by-laws of the municipality, including that governing fire and light, was necessary, and Mr. S. G. Bannan was forthwith engaged to draft the revised By-Law No. 34, fire and light.

The council gave the by-law consideration, receiving two revisions and left over till next meeting.

This by-law sets out the duties of the fire chief and members of his staff in detail.

There were present at the meeting Mayor Farmer, Councillors Gillis, Patterson, Hays, Sartoris, Ferguson and Morgan, and Secretary Kelly.

The minutes of previous regular meetings were approved as read, and a number of accounts were passed for payment.

A deputation from the local miners' union waited upon the council, asking for support towards the miners' picnic to be held on Wednesday. Upon motion, a donation of \$25.00 was made.

The secreta'y-treasurer was granted leave of absence during which time he purposed entering the field of matrimony.

MINERS' PICNIC A SUCCESS

Despite the inclemency of the weather, the annual picnic staged by the local miners yesterday was a thorough success. The picnic was open to all men, women and children of Blairmore, and included Frank and McLaren's Mill. Children, about eight hundred strong, assembled at the public school grounds at 1 o'clock, where each was presented with a ticket entitling the holder to five ice cream cones, an apple, an orange, a bottle of pop, bag of peanuts, a bag of candy and sandwiches and coffee or tea.

Headed by the West Canadian Band, the big procession wended its way to the athletic grounds, where the kiddies were joined by the grown-ups, all prepared to make each other merry.

Various games, races, etc., were entered into on the baseball field and the miners were fortunate in getting this part of the programme over before it commenced raining, when they were obliged to use the arena, where luncheon was served. Suitable prizes were awarded to the winners in the various events.

Serving of luncheon and other items to the great mass of people was a big task, but was performed in a very capable manner by the miners' committee and their lady assistants.

During the afternoon and evening the band rendered pleasing selections. The big climax came at 7 p.m., when the greasy pig was let loose, followed by about thirty would-be captors. Mr. James Turner was successful in landing the trophy and is now calling for tenders for the cleaning of his best Sunday-go-to-meeting suit, which a suit of overalls failed to entirely protect.

The committee in charge desire to thank everyone who in any way assisted towards the success of the affair. Particularly would they mention the ladies, the Arena Company for use of the arena building, the band, the West Canadian Collieries, Town of Blairmore and others for financial assistance.

Mrs. W. T. Eddy, accompanied by her daughters, Mrs. W. Larmour and Miss Hilda Eddy and little Misses Larmour, left the early part of the week for Calgary.

SCHOOL BOARD SITS AS COURT OF REVISION

The Blairmore Board of School Trustees sat as a court of revision at the office of the secretary-treasurer on Thursday afternoon last.

A large batch of appeals were presented and duly considered.

Assessment No. 1922, West Canadian Collieries, on Forty-seven acres at \$300 per acre, was reduced to \$200 per acre. Part of this property is occupied as an athletic ground.

Assessment C. Montalbetti and P. Montalbetti on lots 17, 18 and 19, reduced to \$175 per lot.

Assessment 1987, W. Knight, allowed to stand, appellant not appearing or being represented.

On motion, the meeting adjourned till Friday evening.

Friday evening, meeting resumed, with Mr. Hamilton absent.

Assessments 47 and 48, R. K. Lillie, to stand.

Assessment 56, W. A. Beebe, reduced to \$1000.

Assessments 58, 59 and 76, J. S. Stevenson, to stand.

Assessment 80, W. L. Evans, to stand.

Assessment 326, William Patterson, reduced to \$10 on house.

Assessment 975, J. Vavrek, to stand.

Assessment 1016, J. Lenchukha, reduced \$100 on house.

Assessment 1169, J. Krikosky, to stand.

Assessment 1314, J. Filippone, reduced \$100 on house.

Assessment 1326-A, R. Peresini, to stand.

Assessment 1573, F. M. Thompson, to stand.

Assessment 1889, R. Mitchell, to stand.

Assessments 1367 and 1376, West Canadian Band, the big procession wended its way to the athletic grounds, where the kiddies were joined by the grown-ups, all prepared to make each other merry.

(Exemptions)—The buildings and grounds of all public and separate schools and the personal property belonging to the same being used exclusively for school purposes under the management of the Department of Education of the Province of Alberta.

After consideration it was decided that the West Ward school property be not exempt from taxes. The property, owned by the coal company, is rented by the Board and not the property of the district.

Notice of appeal to the district court has been given in this connection by Mr. Mackenzie in behalf of the West Canadian Collieries, Ltd.

Assessment 1957, West Canadian Collieries Greenhill hotel, reduced to \$24,000.

Assessment 1760, West Canadian Collieries, raised to \$1000.

Motion by Beebe that Assessment Roll as revised by the Court of Revision be declared closed. CARRIED.

On motion, the following telegram was ordered sent to Miss Hall at the Vancouver hotel:

"Records not yet available to enable Board to decide whether or not to engage third teacher for high school, but expect this will be necessary and will offer you the position at \$1400 salary, if required."

Meeting adjourned to Monday, August the 16th, at 8 p.m.

Motion of Board called to order on Monday night last at 8 o'clock.

The minutes of previous meetings were approved as read. Mr. Hauil, Algebra

ton was noted absent.

Motion re assessment No. 1760 was General Science

reduced, affecting lot No. 39 in French block 16, plan 2247 B-S, same being

without the power of the Court of Literature Revision.

Estimates for the ensuing year were considered and upon motion by Mr. Beebe, the mill rate for the year

was set at eighteen mills on the dollar, allowing ten per cent discount on all taxes paid on or before September the 30th.

Motion by Beebe, that the school open for the fall term on Wednesday, September the 1st, and that the secretary notify all teachers to this effect, carried.

The Board considered the advisability of engaging a third teacher for high school. As the Board had no means of ascertaining the number of pupils that would return to school for the fall term, this matter was left over for a future meeting.

In response to requests made upon the pupils of Grades IX., X. and XI., who had written the recent departmental examinations, the secretary was in receipt of results from about two-thirds of the candidates. A summary of those on hand is given below:

KING DEPLORES ANY SUGGESTION OF ANNEXATION

Victoria, B.C.—"I stand for the British constitution through and through. I am not in favor, never have been in favor, and never will be in favor of annexation," declared Rt. Hon. MacKenzie King. "I make this statement," he added, "because there has been a deliberate attempt to mislead the people of the country."

"I believe that this country can have no greater destiny than as one of the free, self-governing nations of the British empire. That is the highest destiny for us."

"The greatest service to mankind could be rendered by having two nations upon the continent of North America. Canada is in the happy position of being able to contribute to the peace of the world, both by example and by her position of intercessor of the United States to Great Britain and of Great Britain to the United States."

"Everyone who brings up the question of separation must bear the responsibility for the results."

Mon., Dr. J. H. Atkin, minister of public works in the late government, attacked Dr. Tolmie, minister of agriculture, and other Conservative members from British Columbia for their attempt to block the nationwide uniform old age pension bill.

"After September 14, when parliament meets, the old age pensions bill will be re-introduced," declared Dr. King.

Borah Predicts Economic War

See No Reason Why U. S. Should Cancel War Debts

Nampa, Idaho.—Predicting that the next 50 years will mark the most significant war history has ever recorded, Senator William F. Borah, chairman of the Senate foreign affairs committee, in an address here, declared that in view of this impending struggle there was no just reason for the United States to give up war debt collection.

The senator said the generosity of the United States toward foreign governments during the great war had "no parallel," and added that the attitude of debtors nations would cause the Senate to reverse its decision and reject the world court if it were voted on today. He made a scathing attack on United States adherence to the world court, which he described as the agent, counselor and attorney of the League of Nations, "which is controlled by the four great powers now writing us down as Skylocks and usurers."

Further Tax Reductions

Robb Predicts More Taxation Reduction If Liberals Are Returned

Toronto.—Hon. J. A. Robb, former minister of finance, speaking at a Liberal rally in Toronto, Hall here, stated that if the Liberal party were returned to power in the September general elections there would be further reductions in various forms of taxation with the appearance of their first budget.

"By reductions made in the last budget," Mr. Robb said, "some \$30,000,000 were released this year for general investment on the part of the citizens, and wouldn't it be a fine thing if even more were released this year?"

Spain and Italy Sign Treaty

Provides For Arbitration On Questions Arising Between Them

Madrid.—Minister of State Yanguas revealed that under the recently signed arbitration treaty between Spain and Italy a commission of five members is to be constituted to decide questions arising between the two nations. Spain and Italy will have one representative on the commission. The remaining three will be subjects of foreign nations. They will be named with the mutual consent of Spain and Italy.

Deals With Robb Budget

Hon. Chas. A. Dunning Addresses Audiences in Ontario

Stratford, Ont.—There was a large gathering at the town of Mitchell to hear Hon. Charles A. Dunning, minister of natural resources, speak on the King administration's work, and the interests of Fred G. Sanderson, the Liberal candidate in that riding.

Michael Hagarty, president of the South Perth Liberal Association, presided, and gave a brief address, as did also the candidate, Mr. Sanderson.

Mr. Dunning claimed that the people of the west knew the people of the east better than the people of the east knew the west, and gave as the reason the fact that so many residents of the west were natives of Ontario.

Mr. Dunning spoke at length on the trouble in the customs department and praised the work of the late Hon. George H. Boivin.

He dealt at some length with the Robb budget and declared that it was the best the country had experienced since Confederation, particularly in the field of modern irrigation. He gave a somewhat detailed statement regarding the tariff board plan and declared that such a board was merely to secure information so that Parliament might have some definite basis on which to judge changes in tariffs.

No Interference Reported

Hon. Henry Thornton Says He Has No Complaints to Make Regarding Political Interference

Brandon.—Premier Melgoun produced telegrams exchanged between himself and Sir Henry Thornton, president of the Canadian National Railways, in regard to allegations of political interference with the Canadian National management. Mr. Melgoun read the correspondence at his meeting here. "It opens with the following telegram from Mr. Melgoun to Sir Henry, dated August 6:

"Statements are being made that the present government, including myself, have been and are interfering with the management of the National Railways. I ask you to wire me whether there is the slightest foundation for these assertions and if so to advise me what it is."

Sir Henry's reply follows:

"I have received your telegram of August 6 reading as follows: (here Sir Henry quotes the text of Mr. Melgoun's message). Sir Henry then adds: "I hope I have to say that the administration of the Canadian National Railways has been complying whatever with respect to the attitude of the present government or, indeed, the preceding government in their relation to the National Railway system."

Swedish-Austrian Treaty

Eight in Series to Makes War Illegal

Stockholm.—An unlimited arbitration treaty, making war illegal under all circumstances has been concluded between Sweden and Austria, the eighth in a series of similar agreements and treaties signed by the Swedish government with various European neighbors. The previous ones were with Norway, Finland, Denmark, Poland, Belgium, Czechoslovakia and Germany.

Ottawa.—For a period of one month, a noted wine and spirit merchant of the United States, may bring his car into Canada without having to file a bond, or pay duty to, the Canadian customs officials.

Canada Has Received Another Gold Shipment

Makes Over Six Million From New York in Two Weeks

New York.—A shipment of \$1,000,000 of gold to Canada has been received by the Bank of Montreal, a continuation of the movement that started about two weeks ago in response to the strong premium on Canadian exchange. The Canadian dollar was quoted at a premium of five thirty seconds of one cent, which is about the level at which the bulk of the recent shipments were made.

A total of \$6,500,000 of gold has been shipped to Canada since the beginning of the present movement. The strength in exchange is attributed to the heavy financing that was done here recently on behalf of Canadian industries.

New Air Service

Passenger Aeroplane Flights From Detroit to Winnipeg

St. Paul, Minn.—The proposed freight and passenger aeroplane route from Detroit to St. Paul was extended to Fargo, N.D., and Winnipeg, Man., under plans made at a conference of officials interested in the Ford field.

The Ford field has decided to start the new air service next spring.

Plans of the planes participating in the reliability tour tuned up their machines this morning for the hop today to Des Moines, Ia.

MANY ARE KILLED AS RESULT OF FIGHT IN MEXICO

Mexico City.—The department of the interior announces that it has no knowledge of the incidents mentioned by Archbishop Ruiz.

Archbishop Leopoldo Ruiz y Flores, who has arrived from Michoacan, has informed the Archbishop that two Catholic priests and between 27 and 27, Catholic citizens were executed by the military authorities on August 1 and 2 on a charge of heading an uprising growing out of the religious situation.

The archbishop reported that the disturbances occurred in three towns in the states of Michoacan and Guanajuato. A battle between soldiers and citizens lasted for a day in the town of Zahuayo, Michoacan.

The bishop estimated that probably 60 persons were killed in the battle.

The other two towns where disturbances occurred were Acámbaro and Huipulco in the state of Guanajuato.

Archbishop Ruiz y Flores said that the people of Zahuayo refused to

deliver the Catholic churches to the municipal committees appointed to take them over after the priests had ceased to function on July 31.

A group of 50 soldiers arrived from a nearby garrison and were fired upon by the people, who took up positions in the church towers and rooftops and engaged in a day's exchange of shots.

The next day federal reinforcements arrived and subdued the Catholics. The soldiers then executed two priests and the leaders of the citizens.

SUBJECTS WHICH WILL COME UP AT EMPIRE PARLEY

London.—Forecasts in the newspapers here with regard to the subjects to be discussed at the Imperial conference in October which seemingly are based more or less on semi-official information.

With reference to the status of the Dominions, The Manchester Guardian says the subject possibly will be raised by Canada or South Africa but if not, it certainly will be rated as of much importance.

As to the alleged anomaly complained of by the Irish Free State in the continuance of the system of the governor-general, signaling that it is to be retained by the Irish Free State.

Much more important, The Guardian continues, is the declaration that "no one shall possess power to have any say in regard to the work of a Dominion interfere with it or veto it, except the Government of that Dominion." In practice this is recognized, The Guardian says, but what is proposed is an explicit guarantee that this is part of the British Commonwealth constitution.

The Guardian notes also that the Irish Free State has taken a firm stand against appeals from Irish courts being carried to the judicial committee of the privy council. This, the Guardian adds, is by no means a non-controversial issue within Dominions other than the Irish Free State.

Lady Cecil Is Spending Some Time in Western Canada

Winnipeg.—The Hon. Lady Cecil, C.R.R., is travelling across Canada in the interests of the society for the overseas settlement of British women, of which she is vice-chairman. Lady Cecil spent a day or two at Calgary, studying opportunities for settlement of British women as domestics, nurses or nursery governesses, and making a general survey of the success of the work in which she is interested. She visited at the Chateau Lake Louise, going from there to Kelowna to inspect the hostel which her society has established in the Okanagan.

The archbishop reported that the disturbances occurred in three towns in the states of Michoacan and Guanajuato. A battle between soldiers and citizens lasted for a day in the town of Zahuayo, Michoacan.

Report Is Denied

Winnipeg.—Reports that the Saskatchewan Wool Pool had withdrawn from the central selling agency of the three western pools were denied here by D. L. Smith, selling agent, who said "there is no truth for the report."

Will Aid Settlers

Victoria.—By order-in-council the cabinet has voted five hundred dollars to aid settlers who suffered losses in a recent tornado in the Spring Lake district of the Cariboo country near Prince George.

INCREASE SHOWN IN PRELIMINARY CENSUS REPORT

Ottawa.—An average increase of nearly five per cent in the population of twenty federal electoral districts from the central selling agency of the three western pools were denied here by D. L. Smith, selling agent, who said "there is no truth for the report."

Will be a great increase in the population of the three prairie provinces taken as of June 1. The total population for these 20 electoral districts is given as 862,526, contrasted with 725,208 in 1921.

This announcement is made in a preliminary statement of population figures by the Dominion bureau of statistics. Further announcement of the census of the thirty-four remaining electoral districts in this province will be made shortly.

Ten federal electoral districts in Manitoba, five in Saskatchewan and five in Alberta, all of which increased in population, covered shows increases over the 1921 population. These are Brandon, Lethbridge, Marquette, Selkirk, Springfield, St. Boniface, Winnipeg North, Winnipeg North Centre, Winnipeg South and Winnipeg South Centre.

In Saskatchewan, Last Mountain, Long Lake, Regina and South Battleford recorded increases, while Swift Current showed a decrease of 32%. Swift Current city, however, shows an increase as contrasted with its population in 1921, of 655.

In Alberta, Calgary East, Calgary West, Camrose and Vegreville recorded increases, while Medicine Hat shows a reduction of 27%. The city of Medicine Hat, though shows only a reduction of 11% of this total. Of the 54 cities and towns mentioned, 37 recorded an increase in population over 1921 figures, while 19 show decreases.

The figures given, it is distinctly pointed out, are subject to correction, as certain adjustments on account of closed houses and absences, as well as of certain Indian reserves which were closed to the census, remain to be made.

To Control Phones

Brussels, Belgium.—The telephone and telegraph services of Belgium will be placed under the management of an organization similar to that controlling the railways, under the terms of a bill the government has decided to introduce in parliament.

Siberian Slayers Sentenced To Death

Gang Killed Whole Families and Peasants Were Terrorized

Trunca, Siberia.—Ten desperados were sentenced to death here for the murder of more than 100 victims.

Chief among the condemned was the notorious woman, Ekaterina Pishlanova, wife of the leader of the gang, who himself was known to be reaching the end of their powers of resistance, and, therefore, was condemned to death.

The trial was accused of killing his victim with an axe.

The robbers had been organized into a strong band of several score with rigid rules, the slightest infraction of which was punishable by death.

For two years the band had been terrorized by these arch-criminals who are accused of having killed whole families.

They attacked government warehouses, strangled the guards and seized stores of vodka and textiles which they sold at a great profit.

The crimes of these robbers and others who emulated them grew frequent and so bold that the so-called minister of internal affairs sent a commission to Trunca with force.

Trunca is the oldest Russian town in Siberia, situated 120 miles north of Irkutsk.

It formerly was of great importance as a depot of Russian-Chinese trade.

Calls King A Coward

R. Bennett Uses Some Harsh Words At Woodstock Meeting

Woodstock, Ont.—Speaking at a convention of North Oxford Conservatives here, Hon. R. B. Bennett, federal minister of finance, charged that by seeking a dissolution "in order to escape the verdict of the House of Commons on the Stevens' amendment," former Premier Mackenzie King had proven himself to be "the greatest coward who has ever held the office of prime minister of Canada."

"I use these words deliberately," said Mr. Bennett. "It is ridiculous to say that he asked for a dissolution of the public welfare and because there was a breaking away from proper government. There was a breaking away of his Progressive supporters because the public welfare meant more to them than the fortunes of a political party. A ballot for the Liberal party is a ballot to condemn the conduct of Mackenzie King."

"Prevented from going to the country in June when he so desired by reason of the turnoff in Dominion politics," continues The Telegram. "Premier Ferguson now is ready to take the jump as soon as the smoke has cleared away from the vicinity of Ottawa. Favorable results in Ontario from a Conservative standpoint will be the signal for an immediate election in Ontario, it is said."

Seven seats are vacant now in the Ontario legislature. There probably will be two more vacancies shortly as the result of resignations of members who will be candidates for the Dominion House.

Boy Was Kept Prisoner

Shackled For Months With Chain Around His Neck

Newark, N.J.—Shackled daily for months with a heavy chain about his neck, eight-year-old Salvadore Rossetti, one of the ten children of Mr. and Mrs. Luigi Rossetti of this city, was freed when neighbors reported his imprisonment to the police.

The lad, said by his parents to be ungodly, was chained every day to an old backboard stand in the rear of his home, according to neighbors. After his release the boy fled and a search failed to recover him, hiding place.

Funeral Of Hon. George Boivin

Granby, Que.—Attended by the sorrowing relatives and representatives of the governor-general, the late parliament, political colleagues and the Quebec bar, the remains of the late Hon. George H. Boivin, ex-minister of customs, were brought to his birthplace, and, after the mass at the parish church, were committed to the grave, where the body will rest beside those of Mr. Boivin's father and mother.

Will Welcome Guests

Blantyre, Scotland.—This little border town, near Stuttgart, is all excitement over the promised visit of Gertrude Ederle, the New York girl who recently swam the English Channel to see her grandmother.

Officiels, athletic clubs, and singing societies will vie with the 17-year-old Mrs. George Ederle, owner of the Lamb's Inn, to prepare for a hearty reception.

HOPE HELD OUT FOR TERMINATION OF MINE STRIKE

London.—Without any visible basis

It formerly was of great importance as a depot of Russian-Chinese trade.

Ontario May Hold Election in November

Will Depend Largely On Results Of Federal Vote Says Toronto Paper

Toronto.—Voters of Ontario will go to the polls to elect a legislature, October 28 or November 4, with the latter date favored. The Toronto Telegram stated in a recent story:

"From a very reliable source it was learned that a provincial election is imminent, provided the Dominion election shows Ontario is still strongly Conservative. Possibility of a reduction in the number of Conservative seats in the next House of Commons will result in by-elections in the local house and another session before the plunge is taken."

"Prevented from going to the country in June when he so desired by reason of the turnoff in Dominion politics," continues The Telegram. "Premier Ferguson now is ready to take the jump as soon as the smoke has cleared away from the vicinity of Ottawa. Favorable results in Ontario from a Conservative standpoint will be the signal for an immediate election in Ontario, it is said."

Seven seats are vacant now in the Ontario legislature. There probably will be two more vacancies shortly as the result of resignations of members who will be candidates for the Dominion House.

Boy Was Kept Prisoner

Shackled For Months With Chain Around His Neck

Newark, N.J.—Shackled daily for months with a heavy chain about his neck, eight-year-old Salvadore Rossetti, one of the ten children of Mr. and Mrs. Luigi Rossetti of this city, was freed when neighbors reported his imprisonment to the police.

The lad, said by his parents to be ungodly, was chained every day to an old backboard stand in the rear of his home, according to neighbors. After his release the boy fled and a search failed to recover him, hiding place.

Funeral Of Hon. George Boivin

Granby, Que.—Attended by the sorrowing relatives and representatives of the governor-general, the late parliament, political colleagues and the Quebec bar, the remains of the late Hon. George H. Boivin, ex-minister of customs, were brought to his birthplace, and, after the mass at the parish church, were committed to the grave, where the body will rest beside those of Mr. Boivin's father and mother.

Paints Lake Louise Against Time

The scenic beauty of Lake Louise, although portrayed on canvas many times by celebrated artists, still makes excellent material for the artists who have done their best to reproduce the colors surrounding the grotto of the Rockies and make it realistic enough to draw the admiration of the general public.

The above photo shows Belmont Brown, of Banff, the well-known Canadian artist, at work on a picture of Lake Louise from a balcony of the Canadian Pacific hotel named after the lake.

Mr. Brown is painting this picture for an exhibition which will shortly take place in England, and has promised to have it ready in two weeks' time.

Has Month's Immunity

Ottawa.—For a period of one month, a noted wine and spirit merchant of this city, received through the mail a letter which he posted on Sept. 27, 1889, almost 23 years ago, to his brother-in-law James Stewart, at that time resident in Marquette, Michigan.

Mr. Parks mailed the letter from Williamsford where he was in business at that time and it had never been delivered.

Provides For Arbitration On Questions Arising Between Them

Madrid.—Minister of State Yanguas revealed that under the recently signed arbitration treaty between Spain and Italy a commission of five members from each country will be appointed to decide questions arising between the two nations.

Spain and Italy will be the subjects of the arbitration, and the commission will be appointed by the two governments.

LABOR WILL SUPPORT COOTE

Labor throughout the Pan American section of the Macleod federal riding will almost wholly support Coote, the U.F.A. candidate, judging from what one can see and hear. Meetings have been held at Coleman and other points, where Coote has been assured of practically unanimous support.

Campaign committees have been appointed as follows:

Coleman—W. Hayson and William Less.

Blairmore—Evan Morgan and Thomas Williams.

Frank—Frank Weir and T. Rusicka.

Bellevue—Jack Brooks and H. Kaye.

Hillcrest—Joe Stobbs and Thomas Price.

The miners have taken into consideration the splendid services rendered by Mr. Coote in co-operation with the Labor party at Ottawa.

NATIVE SONS OF CANADA
ORGANIZE ASSEMBLY HERE

An assembly to be known as Blairmore Assembly No. 59 of the Native Sons of Canada was duly organized on Friday night last, with a charter enrollment of forty-one members. Mr. Peter D. S. Crerar, of Calgary, was the organizer.

Prior to the ceremony of institution and initiation, the meeting was addressed by P. M. Christopher, M.L.A., who extended greetings and well wishes and his promise to support any legislation that might have its origin in such a worthy organization.

The chair was occupied by Mr. Ed. Donkin, while Mr. W. T. Patterson acted as secretary.

Following the ceremony of institution, the work of organization was taken up with the election of officers, which resulted as follows:

President—W. J. Bartlett.

First Vice-President—J. J. Murray.

Second Vice-President—Alvin Bias.

Treasurer—David Oliver.

Secretary—W. T. Patterson.

Chaplain—John McPhail.

Sergeant-at-Arms—J. A. McDonald.

Inner Guard—George Patterson.

Outer Guard—R. Montalbetti.

Filling of the position of historian was left over for a later date.

The following committees were then appointed:

Laws and Ritual—J. R. McLeod, W. Oliver, A. E. Blais.

Organization and Membership—Ed. Donkin, J. A. McDonald, Edmund Picard, J. P. O'Neill, Fred Green.

A committee was appointed to arrange for a place of meeting, and it was decided that for a few months two meetings per month be held, possibly on the second and fourth Wednesdays.

A vote of thanks was accorded Oranger Cesar for his efforts towards securing a branch of the Native Sons of Canada for Blairmore, asking also that consideration of his successful efforts be noted by the grand council.

The Native Sons of Canada is a patriotic and fraternal society devoted to the advancement of Canada's welfare, is non-sectarian and non-partisan and should appeal to all who are patriotic of pledges themselves to support 100% Canadianism.

The local charter has not yet been closed and applications will be received by the above membership committee at any time. The membership fee is \$5.00 and the dues will likely be \$1.00 for every three months.

Following is part of the national policy of the Native Sons of Canada:

1. Status.—It is imperative that the parliament of Canada shall have sovereign rights. Our Dominion must acquire the constitutional status of a nation, enjoying absolute equality with any component part of the British Commonwealth. The rights hereby demanded should not rest on sentiment, nor the assurances of statesmen, but should be enacted as law by the proper parliaments. General safeguards and covenants, protecting the vested rights of provinces, and civil and religious liberties should be preserved.

2. Banking and Currency.—The banking system of Canada should be placed under the control of a banking commission invested with plenary powers in all matters pertaining to banking, currency, coinage, and credits. A National Bank of Canada should be established as a central reserve bank. The ownership and control of the issues of currency should be reserved to the nation. The organization and establishment of local banks should be encouraged. An adequate system of governmental supervision and inspection of banks should be established. Deposits should be fully safeguarded by necessary legislative regulation. Land banks and rural credits should be developed along safe lines.

3. Domestic Trade.—Domestic trade being such the most profitable, trade between the several parts of Canada should be greatly facilitated and encouraged. All restrictions or impediments which now stand in the way of our internal trade should be eliminated. Customs officers and other necessary officials should be stationed at such places along highways of interprovincial commerce as will facilitate trade.

4. Foreign Trade.—Foreign trade should be vigorously developed. Canadian consular agents and trade commissioners imbued with Canadian spirit and thoroughly familiar with Canadian conditions and products should be stationed at points of commercial advantage. Canada should have its own ambassadors and consular service in all leading countries. A definite system of training specialists for foreign trade, in the language, customs and conditions of foreign countries is essential.

5. Marketing.—The spread between the price paid to the producer and the cost to the customer is unduly great, in many instances, owing largely to present inadequate and inefficient methods of distribution. It should be the public policy to organize and utilize practical and efficient methods of co-operative buying and selling, with governmental encouragement, in line

with foreign countries.

6. Transportation.—Equitable and fair adjustment of railway freight and express rates, and the full utilization of the Panama Canal is essential to the advancement of domestic and foreign trade, and the safety and prosperity of the country.

Further development of provincial and inter-provincial highways of a permanent character and along natural grades is highly desirable.

7. Economy and Taxation.—Rigid economy in municipal, provincial and federal expenditure, so that the burden of taxation may be lightened, is essential. Co-operation between federal, provincial and municipal administrations and their various departments should be furthered to prevent duplication of services and expenditures. Unnecessary or non-essential governmental and administrative bodies, departments, employees and services should be eliminated.

8. Immigration.—Immigration should be greatly encouraged, but only selective immigrants of desirable origin should be allowed to enter. Special efforts should be made to repatriate Canadians and to bring in people accustomed to laws and conditions of life and industry similar to those existing in Canada. Immigration tending to make Canadian a mixed or colored race, or tending to lower the standards of living, education or morals, or which admits the physically, mentally or morally unfit, should be prohibited.

9. Education.—Make patriotism an essential result of good education in Canada. Instill deeply the pride of being a Canadian. Instill upon a spirit of optimism. Advertise to Canadians the natural resources of Canada and its capabilities of providing prosperous homes. In schools and amateur-public societies educate Canadians to know that racial and religious prejudices between the two great basic Canadian races is contemptible and harmful to the national welfare.

By the study of history and story, our children should be imbued with a glowing consciousness of the splendid virtues of the two great Canadian races. A much more extended and thorough knowledge of Canadian history, geography, natural resources and industries should form part of the school curricula.

10. Research and Guidance.—Federal and provincial departments of research should be established, with staffs of experts, thoroughly trained, to investigate Canada's resources and the best means of utilizing or conserving same.

Angelo Rizzuto was fined \$250 this week for violation of the Liquor Control Act. He had laid information against one Jimmy Gunning, who had gone to Blairmore without settling his board bill. The police brought Gunning back and he paid his bill and the costs, but retaliated by laying information against Rizzuto. The police raided the place, hence the conviction—Fernie Free Press.

Smith Helps Hungary

Giving His Best Efforts in the Cause of International Friendship

Mr. Jeremiah Smith was appointed by the League of Nations financial commissioner for Hungary. That was two years ago. Hungarian economic conditions were in a state of chaos. Within the past forty-four months Mr. Smith worked so much of special re-education that he was able to report in the League that Hungary's finances were in "excellent condition." His job being finished, he prepared to return to his home. It was then that the Hungarian premier tendered him his salary of \$100,000 for the two years of service. It was not excessive compensation for the accomplishment involved. But said Jeremiah Smith, Jr., of 4 Berkeley Street, Cambridge, Mass.:

"Give it to charity. Your poor need it more than I do. The only compensation I desire for my work is the friendship of the Hungarian people."

Mr. Smith does more than help the poor of Hungary. He helps the cause of international comity. He inspires the development of a kind of international charity, the cause of kindred and general heart. Rich, as he was said to be, is he content. He is surcharged with those riches of the mind and spirit which the world never envies and would be a better world did it more covet. Mr. Smith has given Hungary \$100,000 and the United States something to be proud of.—Worcester, Mass., Telegram.

Sesqui Faces A Huge Deficit

Philadelphia Exposition is Confronted With a Debt of Large Proportions

The Sesquicentennial Exposition not only faces court action to prevent operation of its amusements on Sunday, but it is also confronted with a huge operating deficit and needs \$2,700,000 to meet outstanding obligations. Despite these developments, however, Mayor Kendrick took an optimistic view of the situation, assuring that the celebration of the one hundred and fiftieth birthday of American independence was "cheap at any price" and that he was confident the citizens of Philadelphia would support and encourage the Sesqui directors.

Woman Is Mining Engineer

Doing Practical Work in Region of Saree Valley

Mrs. Schreiber, a graduate of one of the technical schools of France, obtained her diploma as a mining engineer and she is now doing practical work in the mining region of the Saree Valley. Canada's National Emblem

Union Jack Is Only Suitable Flag For Dominion

What objection can be raised to the Union Jack as Canada's national emblem? This Dominion is a part of the British Empire. No person openly advocates separation, but the only argument that the Sentinel can think of for a distinctive flag must rest upon Canadian independence.

Assuming that Canada is to remain a part of the empire, then the Union Jack is not only suitable, but highly desirable as the flag of this Dominion. It is an emblem of liberty. It has a history of which every man and woman of British blood should be proud. It is emblematic of the highest type of civilization to which mankind has yet attained.

It speaks of service, not only to one race, but to all races—world service in the broadest sense of the term.

It is respected by all nations, and it is feared by aggressors against freedom.

The Union Jack is part of an inheritance that includes even-handed justice to all classes, the right to civil and religious liberty, personal freedom to live according to one's conscience and numerous traditions that have marked the advances of humanity to higher levels, with each succeeding generation.

To supplement it with any other design, no matter how artistic it may be, is to rob the Canadian people of their invaluable inheritance accumulated through centuries of earnest strivings for what is best.

Let Canada keep the Jack as its national emblem.—Sentinel, Toronto.

Prince Camps With Scouts

His Example Should Attract Support For Worthily Institution

The announcement that the Prince of Wales will go into camp with the Welsh Boy Scouts will not only fill joy to the hearts of the Welsh contingent, but will serve as a well-earned encouragement to every scoutmaster. In every part of the empire the scouts are quickly and conscientiously carrying on the work of that admirable institution, the Boy Scouts, sacrificing what is common to all, in order to further the welfare and happiness of the lads who are not endowed with too much of either. The benefit derived by the children is inestimable. They learn the rudiments of discipline, which they enjoy; simple crafts, dancing, how to manage a camp, how to cook, and generally to make themselves and others useful and happy. The example of the Prince will, we hope, serve to attract even wider support for what is one of the best institutions in the country.—London Morning Post.

New Industry For Palestine

Government Establishes Plants to Take Salt From Dead Sea

The Palestine Government proposes to erect a plant for the recovery of thirty odd billion tons of salt from the Dead Sea, and very soon huge chemical factories and warehouses will be established around the lake and the port and quiet of quietude will give place to the ceaseless whirr of wheels. It is remarkable that one of the most desolate spots in the world should suddenly acquire such tremendous economic importance. Of all the billion tons of salt in the Dead Sea, only ten tons is common salt. The remainder consists of salts of potassium and magnesium, an abundance of which will make Palestine the richest potash country in the world. In appearance this strange sea challenges the Mediterranean with its clarity and blueness, but so deathly still are its waters that they have earned it the gruesome name.

Potential Murderers

Vendors of Deadly Alcoholic Brew and Their Work

What must be thought of the confederates and the vendors of that fatal brew? They must know it to be deathly in its effects, and that anyone who drinks it does so at the risk of his life. Are they not potential murderers? Technically they may not be guilty of murder, for their purpose is not to kill but to make money; and yet, callously careless as they are of human life, and knowing as they must that every bottle they sell may be the instrument of death, their offence more closely resembles murder than does the act of a man who, under the stress of a sudden gust of anger, strikes and kills.—Hamilton Herald.

Some New Answers

The Wheat Pool

Greatest Achievement in Co-operative Marketing That the World Has Seen

Over 125,000 farmers in Western Canada, members of the Canadian Wheat Pool, are cashing checks totaling \$37,000,000. This sum of money represents the average annual payment of 29 cents per bushel on last year's wheat to the members of the pool.

It comes to the farmer at an opportune time to meet the expense of the harvesting operations. Members of the Canadian Wheat Pool receive most of the payment for their wheat as soon as they deliver it at the elevators after the harvest. The balance is later paid out in interim payments according to the price obtained in the markets of the world by the Central Selling Agency of the pool.

The Canadian Wheat Pool is an organization made up of over 125,000 actual farmers in the three prairie provinces of Western Canada—Manitoba, Saskatchewan and Alberta. It controls over 14,000,000 of the 21,510,000 acres sown to wheat in the three provinces mentioned. Each province has its own unit in the Wheat Pool, the wheat supplied to the pool by the farmer under contract usually of five years' duration, and is sold through the Central Selling Agency, which has agents and agencies in 31 ports of the world.

Speaking at the convention of the American Institute of Co-operation held recently at St. Paul, Minnesota, Aaron Sapiro, of Chicago, attorney for a group of American Co-operative Associations, stated that in his opinion "the greatest single achievement in co-operative marketing in two years has been the successful formation of the Canadian Wheat Pool.

"The organization handles more than 90 per cent of the wheat of Canada and virtually dominates the cash wheat market of Canada," said Mr. Sapiro, "and all of that without political interference or internal inclemencies. The farmers of Western Canada have achieved their success through one thing—organization."

Royalty To Visit Australia

Duke and Duchess of York to Sail on H.M.S. Renown

It is officially announced that in order to mark the importance of the opening of the Commonwealth Parliament in Australia's new capital, Canberra, on May 9, 1927, by the Duke of York, who will be accompanied by the Dukeless of York, H.M.S. Renown will be dispatched to the Antipodes. They will visit New Zealand as well as Australia.

Their royal highnesses will probably leave England about the middle of January. They will proceed via the Panama Canal to New Zealand, where they hope to arrive in the latter part of February.

The New Zealand visit will be taken in order to avoid unfavorable climatic conditions that might possibly be encountered later.

The Duke and Duchess will arrive in Australia in the latter part of "and then will visit all the Australian states, except Western Australia, before the ceremonies at Canberra, which will be the culminating point of their tour. They will visit Western Australia enroute to London.

SUNDAY SCHOOL LESSON

AUGUST 22

THE TEN COMMANDMENTS: DUTIES TO GOD

Golden Text: Thou shalt love Jehovah thy God with all thy heart, and with all thy soul, and with thy might. Deuteronomy 6:5.

Leisure: Exodus 19:1-20, 11.

Devotional Reading: Psalm 19:7-8.

Explanation and Comments:

The Appeal to Israel, verse 1, 2—

"And God spake all these words":

We call these words the Ten Commandments, the Decalogue (from the two words, 'deca' and 'logue', logos, words).

The children of Israel had already attained to a knowledge of these religious and moral principles;

but they knew that they did not worship the true God.

When they learned that these principles were given to them by Jehovah, they knew that the real Leader had been the Spirit of the Lord.

It is important for us to remember that God was in all the promises to Israel, as well as to Sinai, as well as at Sinai itself.

(Read Francis J. McConnell).

"We cannot suppose that Moses was a mere mechanical instrument in the hands of Jehovah, or in embodying great principles of religion or civil order in practical institutions, and did not understand that he was fit" (Dr. A. B. Davidson).

Did Not Claim Reward.

Jewels Taken in London Robbery Are Returned Anonymously

The recent return, anonymously, without a claim, to the \$3,000 offered for its restoration of a pearl necklace valued at \$75,000 which was stolen from a jewel case, adds another chapter to the romance of rewards, says a London paper.

In connection with a still more sensational robbery—that of a pearl necklace worth £155,000—a reward was obtained in unusual circumstances.

The wife of one of the men who participated in the robbery, and dropped it into a gutter in the north of London,

was found by a plumber's mate, who having fitted his pipe, discovered that he had not a match of it to light it.

He tried to sell it for a bottle of beer; but in the end he found the reward—several thousand pounds—offered for its recovery.

possible to broadcast Heat Waves

It is no more improbable to broadcast heat waves than it is to broadcast sound waves, according to Prof. B. S. Dittman, of the Carnegie Institute of Technology.

of instruments capable of controlling heat waves, and a detector that will hold the waves and amplify them are the main needs.

There are two ways of running for office—the other one being when the alarm clock doesn't go off in time.

Items of Local and General Interest

J. B. Wilson and family have returned from a vacation, part of which was spent at the Pacific coast.

The tea pupils of Miss Sellen, printing Grade VIII, at Hillcrest, passed their examination successfully.

Mr. E. R. Hobal, of the Kimberley Dry Goods Co., is opening a branch store at Moyie—Kimberley Press.

Misses Mary and Isabel Shearer, of Lethbridge, are guests here of their sister, Mrs. W. T. Patterson.

Corp. and Mrs. Carter, of Handley, are spending a vacation here with the latter's mother and sister, Mrs. A. McLeod and Miss Elizabeth.

Percy Edwards and family, of Caron, Alberta, were guests for a few days this week of Mr. and Mrs. J. S. Stevenson at the Cosmopolitan.

Miss Scott, daughter of Inspector and Mrs. Scott, of Medicine Hat, has been spending part of her summer vacation with the Naylor family at Frank.

Mr. and Mrs. E. D. Battirum are in town this week end from Calgary. Mr. Battirum while here will make his quarterly audit of the books and affairs of the town and school districts.

The West Canadian Collieries Band will give an open-air sacred concert at Bellevue on Sunday forenoon at 10:30, and in the evening at 7 will appear at the West Blairmore band stand.

The marriage of Miss Rose E. Plunkett, R.N., only daughter of Mr. and Mrs. G. D. Plunkett, to Mr. Ernest W. Newlands, of Edmonton, took place at Pincher Creek on August 9th.

Weed inspectors have been crusading during the past week, demanding that farmers should destroy the tumble weed. Just about three weeks too late, for the seed have all been distributed.

Ralph Maddison, Canada's premier baritone, back in the district after a successful tour, with the Princess Pats orchestra. Ralph will appear at the Hillcrest theatre on Saturday night, at Bellevue Monday night, and at Coleman on Tuesday.

Rev. T. Hart, of Bow Island, will preach in the Bellevue United church on Sunday night next. Rev. Mr. Hart is well known in the Pass, having been stationed at Frank for a couple of years and visited the district several times since. Mr. and Mrs. Hart are guests of Mr. and Mrs. John Shives.

Mr. D. M. J. Conway takes up duties as principal of the Jasper school the beginning of September. The population of Jasper is fast growing and with it the school has to grow. They already have a four-room institution and an additional four rooms are now in course of construction.

A fair idea of the magnitude of the task of the committee in charge of the miners' picnic may be had from the following rough summary of the amount of good given out: 1000 apples, 1000 oranges, 5000 ice cream cones, 1000 bags peanuts, 1000 bags candy, 2000 sandwiches and about 4000 cups of coffee and tea, as well as hundreds of bottles of soft drinks.

Jack Dempsey's application for a license to fight Gene Tunney in New York on September the 16th was denied by the state license commission until he has complied with the state athletic commission's order that he must first meet the negro, Harry Wills. Rickard now states that the bout between Dempsey and Tunney will be held in the Yankee Stadium on September the 19th.

It is madness to curtail free speech. Almost any mortal can talk his grouch to death.

Dr. W. C. Laidlaw, deputy minister of health, died suddenly at Edmonton on August 15th.

Henry Zak and family are expected to return next week from a motor trip to Portland, Oregon.

Mr. A. R. Brooks, of the provincial department of dependent and delinquent children, was in town during the week.

A number of Scotchmen, including Joe Fitzpatrick, were up from Bellevue Wednesday afternoon for the free miners' picnic.

Alice McGregor Turner, relict of the late John Freshair, died at the home of her son, Mr. A. L. Freshair, at Pincher Creek, on August the 7th, aged sixty-eight.

Another fish story comes from Cranbrook. It states that Indians have found feeding the escaped elephants in the shade of a British Columbia raspberry bush.

Mountain goats were reported wandering through villages away down in central British Columbia, evidently driven down by the forest fire and smoke in the mountains.

Because the census gave Calgary a population of only 64,905, that city is going to lose some of her parlors, probably three. Calgary today has twenty-two licensed beer parlors.

P. M. Christophers, M.L.A., will assist James Sims, Labor candidate in East Kootenay, in his campaign, which has already started, and will address meetings at Fernie, Michel and other points.

R. Hon. Arthur McGehee, premier of Canada, will address a meeting of the electors of MacLeod federal constituency in the arena at High River tomorrow night. John Herren, the Conservative candidate, will also be present to speak.

Mrs. W. A. Noble, of Burns, who has been spending a few weeks in Drumheller with her parents, Mr. and Mrs. C. J. Porritt, will leave for Calgary tomorrow, where she will visit friends for a couple of weeks or so—Drumheller Review.

Dr. and Mrs. R. K. Little have had as guests this week the latter's parents, Mr. and Mrs. J. B. Jacques, of Calgary. Mr. and Mrs. Jacques, who are on a motor trip to the coast, stopped over for a day or two, returning their journey today.

Rejecting two bullets marked for Capt. Joseph T. Shaw, and two marked for Ben M. Plumer, Mr. Justice McNeill allowed all the other ballots in accordance with Judge McNeill's finding, the net result being that Capt. Shaw is returned by the majority of one vote as member for Bow Valley constituency in the provincial house.

Mr. W. I. Huston returned Sunday night from Vancouver via Nelson and other stopping points. Mr. Huston was a delegate representing the local lodge at the annual convention of Elks of Canada and Newfoundland at Vancouver and presented a very interesting report of the doings at that great meet to the local lodge last night.

At Canton, Ohio, Don R. Mallett, who used to publish a paper, is dead. He interfered with the operations of men engaged in bootlegging and similar enterprises, neglected a warning that he was to be killed and was killed, as predicted. The great war that made killing "glorious" seems to have been misunderstood, and the "automatic" is becoming as powerful in the United States as the vote ought to be—American Exchange.

J. E. Gillis and family spent a week in camp at Waterton.

Mr. Arthur J. Kelly, town secretary-treasurer, is a visitor in Calgary.

The General Motors Corporation last week declared a dividend of fifty per cent.

Mr. and Mrs. W. Thomas and son Glynn left last week and on a vacation trip by motor.
